Lieutenant General LeR Lutes
Director of the Staff
National Military Establishment
Munitions Board
Washington 25, D. C.

Dear General Lutes:

This is in reply to your letter of 26 November suggesting that recommendations of the Ad Hoc Committee on Clandestine Air Activities be implemented by the appropriate offices in order that consideration by the 81st Congress may be facilitated.

The Central Intelligence Agency does not have a primary interest in this matter, but will, of course, be prepared to render advisory assistance, from the standpoint of intelligence, to any of those agencies seeking Congressional action on proposed legislation as recommended by the Ad Hoc Committee, should this be desirable.

Sincerely yours,
25X1A
